**MATERIALS**

DESTINATION MOON QUILT FEATURING COSMIC CONVOY BY MICHÉLE BRUMMER EVERETT

2 1/8 yards Cirrus Solids {Shadow} for Background, 1/2 yard Lunar Eclipse for Binding, 4 1/4 yards Mission Control {Gray} for Backing

**CUTTING DIRECTIONS**

Cutting dimensions include 1/4” seam allowances.

*Note: Quilt Diagram placement of spaceships with directional fabric.

From each: Lunar Eclipse {Navy}, Mission Control {Gray & Turquoise}, Little Visitors {Turquoise & Red}:
- 3- 10 1/2” x 4 1/2” rectangles

From Cosmonauts {White}:
- 4- 10 1/2” x 4 1/2” rectangles

From Robotic {Gray}:
- 5- 10 1/2” x 4 1/2” rectangles

From each: Gamma Ray {Turquoise, Red, Gray, Navy}:
- 12- 2 1/2” x 4 1/2” rectangles
- 12- 2 1/2” squares

From background Cirrus Solids {Shadow}:
- 24- 2 1/2” strips x WOF subcut each into:
  - 2- 2 1/2” x 10 1/2” strips (total 48)
  - 2- 2 1/2” x 3 1/2” rectangles (total 48)
  - 6- 2 1/2” squares (total 144)
- 6- 3 1/2” x 8 1/2” rectangles
- 24- 1 1/2” x 4 1/2” rectangles

4- 2 1/2” strips for top & bottom sashing
- 2- 2 1/2” x 52 1/2” (approximately)
- 2- 2 1/2” x 63 1/2” (approximately)

Binding: 2 1/2” strips x WOF to make 253” of continuous binding.

**ASSEMBLY DIRECTIONS**

**BLOCK ASSEMBLY**

1. Mark a diagonal line from corner to corner on the all of the (144) 2 1/2” background squares [fig 1a].

2. Place a 2 1/2” background square on the corner of a 2 1/2” x 4 1/2” (Gamma Ray) rectangle. Sew along the line. [fig 1b] Press and trim bottom two layers leaving a 1/4” seam allowance. [fig 1c] Repeat, adding a 2 1/2” background square to other side. [fig 1d] Make 24 sets, (48 in total).

3. Sew matching pairs to top and bottom of the 10 1/2” x 4 1/2” rectangles. Note that they are pointed in the same direction. See QUILT DIAGRAM for proper direction of spaceships. Makes 24. [fig 2]

4. Sew a 1 1/2” x 4 1/2” background fabric rectangle to bottom of each space ship. [fig 3]

5. With right sides together, place a 2 1/2” background square to a 2 1/2” print square. See QUILT DIAGRAM for proper direction of print squares. Sew on the diagonal line. Press and trim bottom two layers leaving a 1/4” seam allowance. [fig 4] Makes 24 HST sets (48).

6. Sew a HST to the end of a 2 1/2” x 10 1/2” background strip. Make pairs and be sure to sew HST sets in opposite directions. [fig 5] Sew a 2 1/2” x 3 1/2” background rectangle to bottom of each of these strips. [fig 6]

7. Complete spaceship by sewing sides from Step 6 to either side of spaceship. [fig 7]

**QUILT ASSEMBLY**

8. Sew 4 spaceships end to end making vertical rows. See QUILT DIAGRAM for noting proper direction. Make 6 rows.
9. At the bottom or top of each row, sew the 3½" x 8½" background rectangle to complete the row. Sew vertical rows together.

10. Sew 2½" sashing to sides and to top of quilt.

11. Layer the backing, batting and quilt top. Baste, quilt and bind.
