ASSEMBLY DIRECTIONS

1. STRAPS: Fold Straps in half lengthwise & press. Unfold. Press each long raw edge in to the center crease. Fold Strap in half again along previous fold. Topstitch each edge and once in center. Set aside.

2. UPPER MAIN and LINING: Stitch an Upper Main Side to each side of a Pleat Contrast piece matching 10” edges. Press each seam allowance towards the Upper Main Side. Repeat with second pleat contrast. This creates two Upper Main panels.

3. Place Upper Main panels RST. Stitch both sides to create a tube of fabric. Press seam to one side. Repeat with Upper Lining pieces.

4. Pin Straps RST along top edge of each Upper Main panel, matching ends of straps with top raw edge of Tote. Strap edge is 3½” away from side seam. Baste ends of straps.

5. Place Upper Lining and Upper Main RST, matching top edge. Stitch top edge. Turn along seam-line so Upper Lining and Upper Main are WST. Top-stitch. Match and baste bottom raw edges of Upper Lining and Main together to create the Upper Tote.

6. PLEAT: Measure and mark the center line on each Pleat Contrast with a water soluble marker.

7. Match each Contrast/Upper Main seam-line to the centre marked line. Press to finish the pleat. Baste bottom edge of pleat.
