Fat eighth Cirrus Solids for exterior
Fat eighth Cirrus Solids for interior
5" Zipper
Zipper foot

Note: All possible care has been taken to assure the accuracy of this pattern. We are not responsible for printing errors or the manner in which individual work varies. Please read instructions carefully before starting the construction of this project. If desired, wash and iron your fabrics before starting to cut.

DIRECTIONS AND TEMPLATE

1. Enlarge cloud template to 200% and print. Trace and cut cloud pattern from template.
2. Pin template to fabric pieces. Cut 2 outer pieces and 2 lining pieces of fabric from the pattern. Mark the opening for the zipper and for the notches on to the fabric.
3. With right sides together (RST), align one outer piece and one lining piece. Place zipper face down in between the layers. The top of the zipper tape should align with top of fabric pieces. Using a zipper foot, sew the fabric and zipper tape together. [fig 1]
4. Press. Top-stitch along the fold. [fig 2]
5. Repeat step 3 and sew the other outer piece and lining piece to the opposite side of the zipper tape. [fig 3] Press and top-stitch on this side. [fig 4]
6. With RST, fold and pin the outer pieces together
